A passionate software developer with React.js, React Native, Redux, Angular9. And also have some knowledge in Node.js, MongoDB, Express.js.

I love learning about new technologies.

Experience

Software Development Engineer

Infoviz • Bhubaneswar, Odisha

06/2020 - Present

I have done my training for 6 months. And I learn many technologies like React.js, React Native, Formly, FlexBox, GatesBy. And also done many projects:-

- Instagram Clone
- Zoom clone
- chatting App
- Tinder Clone
- Shopping App
- Todo List
- Recipe Book
- Guess the Number

Software Development Engineer Intern

InfoViz • Bhubaneswar, Odisha

01/2020 - 05/2020

I have done a project named **INSPENSA**. In this project, the user can track their income and expenses. And add their insurance and set reminders to pay the bills. For the Frontend, I used Angular9, HTML, CSS, Bootstrap, Material Design. For the backend, I used MySQL, Nodejs, Postman, Express.js, CORS. And for Validation, I used Joi. I also got the *Best Intern of the Batch* certificate in my internship period.
